PACK GEAR cont.	S	W	D	WINTER GEAR			
				Ski gloves or		M	
				Mittens		M	

- S** Standard Field Pack Equipment normally carried on most searches and trainings.
- W** Winter Field Pack For operations where snow and ice are present, or for cold weather.
- D** Desert Field Pack Equipment needed for operations in very hot weather.
- M** Mandatory Equipment required to be carried by every member on all operations.
- R** Recommended Equipment strongly recommended to be carried on operation. Should be taken to operation and be available if required by leader or local conditions.
- O** Optional Equipment which may be useful for comfort, enhanced performance, or special ops.
- * Shared** Equipment which can be shared by a search crew. At least one carried per crew.

NOTE: The above equipment is for a search. Technical gear will be added when applicable, or when directed by the leader. The Field Team Leader may modify requirements to suit the situation. Type and quality of gear is explained during Team training.
